

Schools invest thousands each year in hardware and software subscriptions.

ARE YOU GETTING THE MOST OUT OF YOUR INVESTMENTS?

70%

of educational software licenses purchased were never used by students.

97.6%

of educational software licenses purchased were never used "intensely".

DO YOUR TEACHERS DREAD CHANGE? DO YOU WANT THEM TO ADAPT TO OR ADOPT NEW TECHNOLOGY?

Implementing new technology can be stressful, especially in a school environment. Shifts in hardware and software use can disrupt procedures and policies affecting the day-to-day routines of students, teachers, administrative staff, and parents. S3 Technologies' EdTech Team will work side by side with your school community, using Change Management best practices, to help them feel comfortable and confident to not only adapt, but adopt and embrace the new technology.

- Setup Support
- Customized End User Training
 - Admin, Cafeteria, Nurse, Teachers, Parents, Students
- Suggestions on policy/procedure changes
- Assistance with videos, handouts, and other communications to ensure buy in and understanding.
- Practical Application Ideas: customized lesson plans and ideas for how teachers can implement the new tech in their classroom.
